Paul Maweu

BUBBLE DEVELOPER

Profile

Results-driven bubble developer with expertise in Bubble.io, JavaScript, HTML, and CSS. Proven track record of creating efficient web applications, optimizing performance, and delivering high-quality solutions within deadlines.

Project

E-commerce store, Nyeri

JULY 2023 — AUGUST 2023

Created a fully functional e-commerce store using Bubble.io, featuring product listings, shopping cart functionality, secure payment processing, and order tracking.

Gym Management system, Nyeri

MAY 2023 — JUNE 2023

Designed and developed a gym management system using Bubble.io, including user registration, class scheduling, and recurring payment processing.

E-commerce CRM

JULY 2023 — AUGUST 2023

Designed and built a customer relationship management (CRM) dashboard for the e-commerce store, enabling efficient order tracking, customer communication, and sales analytics.

Youtube-clone

SEPTEMBER 2023 — SEPTEMBER 2023

- Developed a YouTube-like platform using Bubble.io, which fetched data from an external API to display videos and related content.
- Enabled users to explore, view, and interact with a wide range of videos

Education

Bsc Geomatics Engineering, Dedan Kimathi University Of Technology, Nyeri
